Manhattan Allied Network

Corporation is a leading human resource agency for health care providers. Locally operated in New York City, our network extends nationwide as well as internationally. We consist of a reliable team of medical professionals and qualified health care providers, especially in the practice of **physical therapy and nursing.**

Throughout our work and experience in medical placement, we are proud to have developed a reputation of providing our clients with highly skilled professionals that can provide continuity of care at an optimal level. We take pride in working in harmony with our clients and facilities and maintaining a stringent assignment protocol in which quality, competence, and attitude are necessary.

Because our ultimate mission is to enhance medical care, we are dedicated to the highest standards in selecting our professional health care staff. All candidates for placement are State Licensed and Certified. Each must have demonstrated a high degree of competency and knowledge within their specialty field before they are included in our roster.

ManCorp ensures the following of our medical staff:

- At least two years current experience
- Criminal background checks
- Valid State licensure and certification
- Good standing in licensure/certification
- Adherence of employee to facility requirements
